## System Requirements:

Windows Mac OS X To begin, go to your Steam library and navigate to the game's page. Then click the "View Store Details" button next to the "on sale" button. On the page that opens up, click the "View Link" button next to the full version of the game. This will take you to the link to where the Steam sale is currently active.

Linux If you are having trouble downloading the game, try downloading the game through a non-Steam client. If you still can't, please send an
